

Restoring Shropshire's Verges Project Conference report

Three Parish Project

Friday 13th March – Sylvester Horne Institute in Church Stretton

The final conference to celebrate the success of the Three Parish project was a crowdfunded initiative in partnership with Spacehive and Shropshire Council.

The project restored roadside verges in Three Shropshire Parishes project bringing together volunteers from the civil parishes of Church Stretton, Hope Bowdler & Wistanstow.

The full report is available online here <https://www.spacehive.com/restore-verges-in-3-shropshire-parishes#/deliveryReport>.

70 delegates came to the conference including people from Yorkshire, Hereford & Stourport.

Speaker presentations available here <https://www.restoringshropshirevergesproject.org.uk/3ps-conference-mar-26>

A special thanks to Cllr David Vasmer for chairing and Cllr Alex Wagner for speaking on behalf of Community engagement.

Keeping in touch with Restoring Shropshire's Verges Project (RSVP)

Website : <https://www.restoringshropshirevergesproject.org.uk/>

Email address: shropsverge@gmail.com

Lots of information on the website and the RSVP board are happy to support anyone wanting to participate in a verge restoration project – just get in touch!

Call for action

Please encourage restoration of roadside verges across the county to be included in Highways contracts and acknowledged and supported when adopted by volunteer groups.

Contact your local Cllrs & MPs to state your support!
